LETTER From the Editor

The big question of life this month is Who Do You Love the Most:

One Direction's Harry Styles, Niall Horan, Liam Payne, Louis Tomlinson or Zayn Malik? And what is it you love most about your favorite 1D hottie? Write me at leesa@bopmag.com right this very minute (unless you're in class, then wait, LOL) and your love note might be included in a future issue of *BOP* magazine, where YOUR 1D CRUSH WILL READ IT! Your first name and state will be included with the note, so your friends will definitely know it's you. OMG. OK, I got ahead of myself, back to this issue. April *BOP* is so awesome. It is one of my favorite issues ever. Not only is it packed cover to cover with gossip stories about Selena Gomez, Justin Bieber, Bella Thorne, Big Time Rush, Cody Simpson, Katy Perry and so many more people, it has a totally new look. Did you notice? I'd love to hear what you think about the new design of *BOP*: Do you love it or not? Write me at leesa@bopmag.com. I can't wait to hear from you!

Hunger Games star Willow Shields (she plays Prim!) stopped by the office and spilled secrets from the movie, which hits theaters March 23!

do's & don'ts

Kendall Schmidt
spills his juiciest crush
do's and don'ts.

do

**Kiss him with your
eyes closed**

Once I opened my eyes for a brief second while I was kissing a girl and realized her eyes were open the whole time. It was strange!

don't

Text on your date!

Texting is a dating don't. I took a girl golfing, and she texted the whole time. Finally, I sent her a text to get her attention!

do

**Let him take you on
a tropical dream date**

Look out, Bora Bora [a tropical island in Tahiti], because here I come! That is where I'll take my perfect girl on a dream date.

don't

Change your personality

Be yourself! You don't have to go over the top, because it's kind of weird when that happens. Be cool!

What guys think about FLIRTING

Not

It's not cool to flirt with him all year long, but never actually tell him that you like him. If you're crushing hard on a guy, flirt for a while, then admit your feelings!

Be careful not to flirt with your crush ALL the time at school. It's fun to flirt between classes, but you have to focus on school, too! Save your best flirting for the weekend.

He'll love it if you give him a flirty note signed "your secret admirer" and put it in his locker. It will make his day, or more likely, his whole week!

Victoria Justice

Reading their scripts

Victoria ran up and gave us a big hug when we arrived on set. Before shooting her scene, she took a quiet moment to study her lines.

Leon Thomas

Avan Jogia

Hanging in the dressing room

"I hang out with Avan because he's in the dressing room next to me," Vic tells us. "I hear him play guitar through the walls." We ate lunch with Avan in his room (he had sausages and salad), then he came into Vic's room to watch us interview her!

Liz Gillies

Laughing in hair and makeup

Liz makes the whole cast laugh when the cameras aren't rolling. She cracks jokes and talks in funny voices!

Jumping into their characters

The cast gets the script for a new episode Sunday and rehearses it the next day. "We don't get much time," Avan says. "You have to [quickly] decide how you're going to do different characters."

Only *BOP* was invited to hang out with the cast of the hit Nickelodeon show in Hollywood, California. We're taking you behind the scenes and into the dressing rooms for a crazy '70s-themed episode!

Ariana Grande

Daniella Monet

Goofing off between scenes

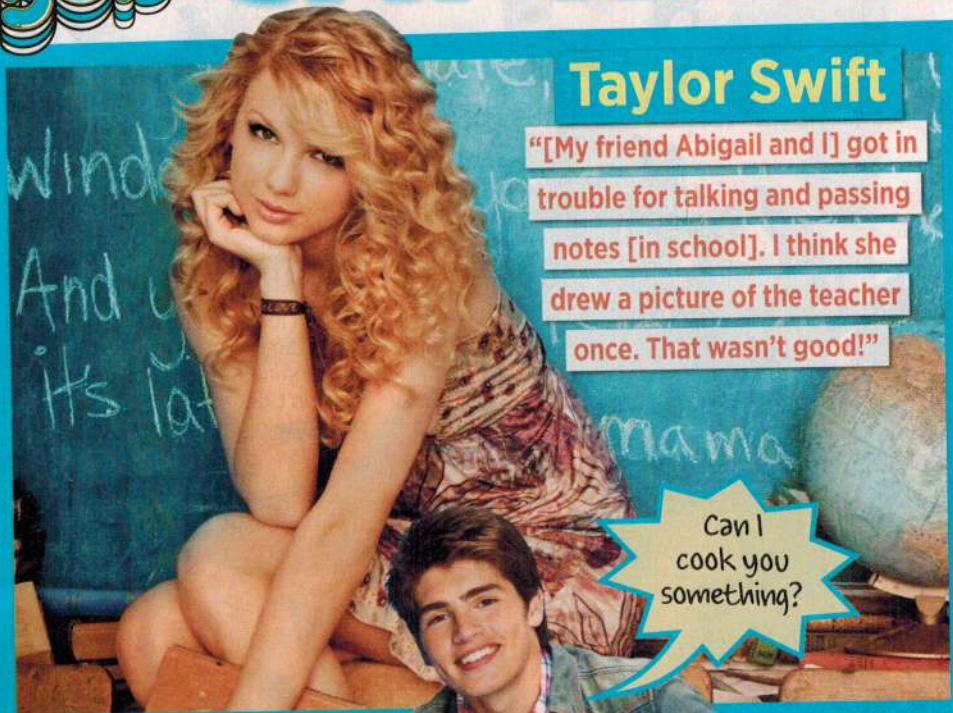

Between takes we caught Daniella checking her phone (she kept it under the table), Vic texting her mom and Matt doing T-Rex impressions! Ariana sang songs from *The Lion King* and read *BOP*!

Taylor Swift

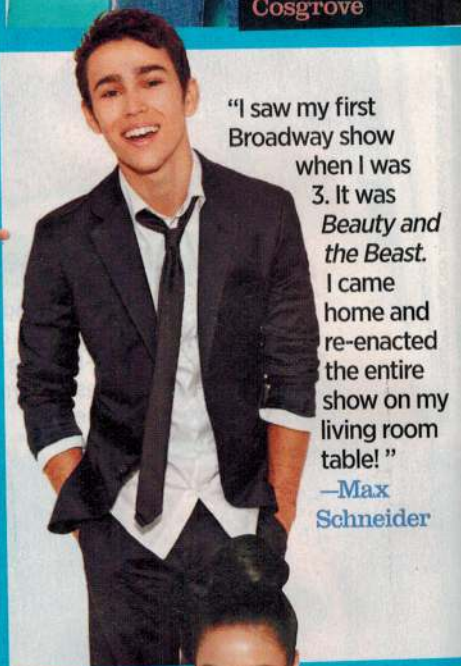

"[My friend Abigail and I] got in trouble for talking and passing notes [in school]. I think she drew a picture of the teacher once. That wasn't good!"

Can I cook you something?

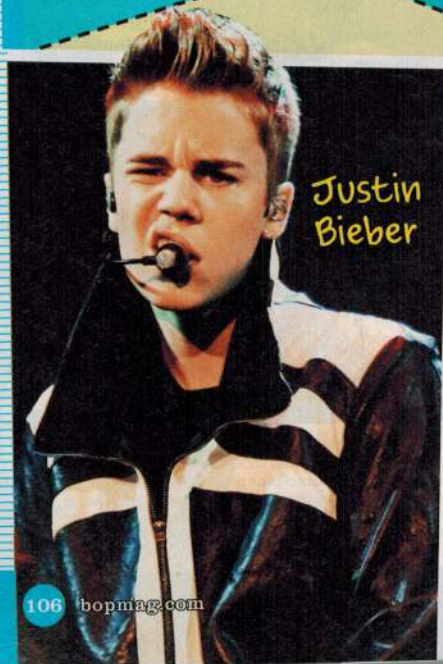

"I live on my own now. I learned you buy soup from the grocery store, and you put it in the microwave, and then you just have soup every day. Also, you can buy Nutella and bread and stick it in the toaster. Basically, all I eat is bread and soup."
— Gregg Sulkin

"I always said I would never eat escargot [cooked snails], and then my friend got me to try it at a French restaurant. I wish I could go back. It was not good!"
—Miranda Cosgrove

"I saw my first Broadway show when I was 3. It was *Beauty and the Beast*. I came home and re-enacted the entire show on my living room table!"
—Max Schneider

Justin Bieber

This month's winners:

"Wait a sec... what were those lyrics again?!?" —zozomccormack

"What's that terrible smell? I hope it isn't me!" —micknick00

"A little black dress goes a long way. There's one black dress I've probably worn a dozen times, but you'd never know it because of the way I accessorize it."
—Shay Mitchell

Raini shows off the manicure she got at BOP!

Raini Rodriguez is a total girly girl when it comes to nail polish. The *Austin & Ally* star stopped by BOP headquarters, and we gave her a manicure. It was dark red (on her thumbs) to light pink (on her pinkies). She loved it! We told her to pick out colors she wanted to take home. She grabbed a fun shatter coat and a light, shimmery pink.

We snapped this pic of 1D's Harry reading BOP.

BOP Gossip! Gossip! Gossip!

Sorry for the grainy picture, but we took it so quickly because we wanted to capture the perfect moment! We just got back from the set of *iCarly* and guess who was guest starring... One Direction! In between scenes, **Harry Styles** couldn't get enough of March BOP. As you can see, he read the entire story about how romantic Nathan Kress, his *iCarly* costar, is. This gossip is so new, there wasn't even an air date for the episode before we went to press!

We're not done. There's still more to tell you!

You're not the only one who loves One Direction, **Cody Simpson** does, too! We just had a photo shoot and Cody told us that if he could change anything about himself it would be to dress more like 1D hotties Harry, Zayn, Niall, Louis and Liam!

Cody is a giant 1D fan!

Behind the scenes of **Zendaya** and **Bella Thorne's** video shoot for "Something to Dance For/TTYLXOX Mash-Up," Z made a major confession to BOP: She can't wait to date! She'll be allowed to date when she turns 16 on September 1, 2012, but she's totally nervous her dad won't approve of any of her crushes.

Zendaya can't wait to...

You won't believe what Jennette rides to work!

Jennette McCurdy has the best sense of humor of any star we know! When we were just on the *iCarly* set with her, we discovered she loves apple juice boxes and she rides an electric scooter to work sometimes. "I park it next to Miranda's fancy Porsche Cayenne SUV. It's hilarious to see," she giggles to us.

OMG, we have a big secret about the *Victorious* set. Turns out the Oreo cookies you see in the clear glass cookie jar in Tori's kitchen have been there for three years! Ewwwww.

A totally true *Victorious* secret!
