"THE SECRETS

I DON'T WANT TO KEEP *any* more"

As one of the world's biggest superstars, Selena Gomez likes to keep some things private, but we're revealing five Sel secrets that she doesn't want to hold onto any longer!

Bowling with BFF Taylor Swift

"MY FAVE FOOD? I SERIOUSLY LOVE CRACKER BARREL, MAGGIANO'S & P.F. CHANG'S!"

I'm a terrible bowler

"My friends and I go to the bowling alley a lot. I'm not good at it, but I find it really fun. I like to call myself a different name on the score screen, like Princess Fancypants or (Selena's idol, British singer) Cheryl Cole."

I secretly wish I was a chef

"I'd be a chef if I could do any other job. I love going back to Texas to stay with my grandparents. We eat roast chicken with butternut squash with pepper and my mom's cheesy potatoes, which are chopped up potatoes and cheese baked in the oven with dried onions on top. So yummy!"

I'm addicted to candy

"When I go on a red carpet and I take a little clutch or a little bag, I usually have the lip gloss that I wore, my phone and some candy. Because wherever I'm at, I'm there for a really long time, so I like to have candy to keep my energy up!"

"OMG WATCH OUT BEHIND YOU!!!"

I totally love scary movies

"I like to rent horror movies because they're my specialty. I love getting scared watching really cheesy films like *Halloween* and *I Know What You Did Last Summer*."

Sel and her mom, Mandy

I get homesick on movie sets

"I had to shoot a movie in Budapest, so it was the first time I was going to be gone from America for over three months. I picked up a Cheryl Cole CD when I stopped in the UK, and her music got me through the whole movie. It made me feel better."

WHAT ARE YOUR SECRETS?

Not ready to reveal your biggest secrets yet? Have a hidden crush? Did something mean to your BFF? Whatever it is, write them down here, cut them out and keep them under your bed for safe-keeping!

FOUR GUYS, ONE TOPIC:

We grill the *Big Time Rush* guys on what they love (and totally don't get) about girls!

Celebrity Spectacular: OK, guys, we're going to talk about girls today. Are you ready?

Big Time Rush: Totally!

CS: So, are there girl fashion trends you just don't get?

James Maslow: Oh yeah, a lot of them! Most, I'd say are in Los Angeles, California. I don't get bright-colored tights underneath a skirt or underneath 17 layers of clothes, none of which fit. Also, sweaters falling off the shoulders. If it's not fitting and you're not showing anything off, it just looks too big for you. Yet some girls spend like \$1,000 per item, so they're wearing \$10,000 worth of clothes that are too big. It doesn't make sense. And skinny jeans! What? Skinny jeans are cool, but skinny jeans with your grandmother's sweater? You know, whatever floats your boat, but that's never been

"I can't stand when girls purse their lips in pictures!"
— Kendall

attractive to me.

Logan Henderson: Yeah, I agree with James — I don't understand most of those trends either. Girls do wear some crazy things. I mean, I'm totally in for originality and expressing yourself through clothes. They may be weird clothes, but go for it. Go ahead and do it!

Kendall Schmidt: One thing I don't get is the pursing of the lips. When girls take pictures and purse their lips. I can't stand that!

A girl will be smiling, waiting for the camera to flash, and three, two, one, and the lips instantly go into a purse! Just smile! When guys look at pictures of girls, they want to see a girl smiling and being herself. Just be normal!

CS: OK then, what styles do you like on girls?

Carlos Pena: Well, I'm a big fan of no makeup, just natural. You know, T-shirt, sweats and Uggs — let's hang out! Looks-wise, I like

teeth. A smile is always important to me.

Kendall: I like punky girls, I guess, because I'm kind of a rocker. Not punk rock with tons of piercings everywhere, but girl tattoos are cool. I have a couple tattoos. A girl with rocker style for sure is what I like.

CS: All right, now tell us what confuses you about girls.

Logan: The thing I don't get is when girls try to be too cool, when they play the cool card and act like they're not into you, but they really are. I'm like, "Why are you even trying?" I like when people are up front. It's part of the game, but it's just one of those things.

James: How about when you take a girl out to dinner and she doesn't eat anything? Umm, what's up with that? I love to eat, and I eat all the time, so I like a girl who can eat, too. If I take you out to dinner, just eat your food! But I don't mind if you don't eat all of it because I'll finish the plate for you!
